

Smart Projector

※ Quick Installation Guide ※

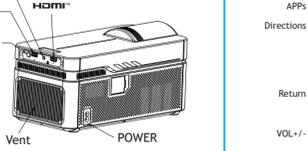

Attention

- Please read this manual carefully before use and keep it for future reference.
- The projector is non-droptool or waterproof.
 - In order to reduce the risk of fire and electric shock, do not expose the projector to rain and fog.
 - Please use the original power adapter. The projector should work under specified rated power supply.
 - When projector is working, please do not look directly into the lens, the strong light will flash your eyes and cause slight pain. Children should use the projector under the supervision of adults.
 - Do not cover the vents of projector. Heating will reduce the life of projector and cause danger.
 - Regularly clean projector vents, or dust may cause cooling malfunction.
 - Do not use the projector in greasy, damp, dusty or smoky environment. Oil or chemicals will cause malfunction.
 - Please handle with care during daily use.
 - Please cut off the power if the projector is out of use for long time.
 - Non-professionals are forbidden to disassemble the projector for testing and maintenance.
 - Note: After a system upgrade, some text in the system may change slightly. As a result, the system text described in the manual may not fully match the text displayed on the device.
